Presentation of Entries Submitted to the "Ota Fureai Video Contest"

Ota City held the "Ota Fureai Video Contest" between November 1, 2020, and January 7, 2021, as a substitute event for the normally scheduled Ota Fureai Festa. Members of the public were invited to submit videos in two categories: videos on the theme of "Fureai" (personal interaction) and dance videos featuring Ota City's tourism promotion song "Te-no-Hira Tatakaeba" (by Shikuramen).

From the many entries we received in the "Fureai" category, we selected and announced Grand Prize and Excellence Prize winners. The Grand Prize-winning videos can be viewed on Ota City's official "City Ota Channel" on YouTube.

For the "Te-no-Hira Tatakaeba" dance videos, we edited the entries into a single Ota City promotion video. This video can be viewed on Shikuramen's official YouTube channel.

Both are wonderful videos that we think you will enjoy!

*The contest period has ended.

Take Care to Prevent Bicycle Thefts.

Unfortunately, many bicycles are stolen in Ota City. In many cases, the stolen bicycles were not locked. While bicycles are an easily obtainable and convenient mode of transportation, they are also easily stolen if left unlocked. Be sure to lock your bicycle even if you will be away from it for only a few minutes.

Bicycle thefts occur not only on the street but also at homes and in bicycle parking lots. In fact, most thefts take place at people's homes. So remember to keep your bicycle locked at all times, even when it is at home or in a bicycle parking lot.

Locking your bicycle at two points with different locks is an effective way of preventing theft. Using two locks improves theft prevention because it forces the thief to work longer. Protect your bicycle by using two locks.

An Ota City ordinance made the locking of bicycles mandatory from January 1, 2020. Protect your valuable bicycle by always locking it where you leave it.

About Bicycle Impoundment

No Bicycle Parking Zone sign

In accordance with city ordinance, Ota City asks you not to leave your bicycle in public places (i.e., roads, parks, railway station plazas, or any other place that is not a designated bicycle parking area). **Always park your bicycle in a bicycle parking area, even when only stopping for a short time.** Ota City designates certain areas in front of train stations as “no bicycle parking” zones per city ordinance. The city regularly impounds bicycles that are left in those zones. Impounded bicycles are generally held for 30 days. Please note that bicycles will be disposed of when this storage period expires.

Impounded Bicycle Storage Centers

There are four Impounded Bicycle Storage Centers in Ota City. Their details are provided below. Bring the necessary items mentioned below to the center impounding your bicycle during the “return hours” on a “return day.”

Impounded Bicycle Storage Centers: General information

Return days: Monday to Sunday (excluding national holidays, substitute national holidays, and December 29 to January 3)
